Tablet on the Reason for Creation, revealed by Bahá'u'lláh

Translation by Joshua Hall

Love was the reason for there being a creation, as stated in the famous tradition, "I was a hidden treasure, and loved that I be known, and thus created my creation that I might be known." Therefore must all come together in the law of love divine such that no odor of dissension be diffused amidst the friends and companions in God. Having set their gaze on love, all men shall act as one, such that disunion will be seen in none. All share in fortune and in ill, in profit and in woe, in hardship and in ease. It is Our hope that the breeze of unity be borne from the city of the Lord, and that he adorn all with the raiment of oneness, of love and of detachment.

علّت آفرینش ممکنات حبّ بوده چنانچه در حدیث مشهور مذکور که میفرماید: (کنت کنزاً مخفیّاً فأحببت أن أعرف فخلقت الخلق لکی أعرف). لهذا باید جمیع بر شریعت حبّ الهی مجتمع شوند به قسمی که به هیچ وجه رائحه اختلاف در میان احباب و اصحاب نوزد کلّ ناظر بر حبّ بوده در کمال اتّحاد حرکت نمایند چنانچه خلافی مابین احدی ملحوظ نشود در خیر و شرّ و نفع و ضرر و شدّت و رخا جمیع شریک باشند . ان شاءاللّه امیدواریم که نسیم اتّحاد از مدینه و ربّ العباد بوزد و جمیع را خلع وحدت و حبّ و انقطاع بخشد.
